

**JULY-AUGUST 2010**  
**FROM THE PASTOR'S PEN**

Every church has its cycles of life and death, but it seems especially momentous when the oldest (and one of the longest-serving) member of the church passes away. Such was the case last week, when Louis Templeton went to meet his heavenly reward. Mr. Templeton had served this church in many capacities, including as a long-time Sunday School teacher, treasurer, and Clerk of Session. He has left quite a legacy for this body of Christ. As most of you know too, he donated the land that our church building now occupies. The church simply would have been very different without him, and his response to God's Calling in his life.

What about you and me? Have we responded in a dedicated and committed manner to God's Calling in our lives too? Do we seek to live into our promised salvation in this life and into the next? Will we leave a faithful legacy as well?

These are all good questions to ask ourselves as we ponder our life's journey this Summer (and beyond!).

It is easy to get caught up completely in financial, health, job and other worries so that we rob ourselves of the joy that God has in mind for us. Sometimes we seek to hear and think about the promises of God for blessing and heavenly reward, but do not want to hear and think about being used as a vessel for Christ for all of the *Great Ends of the Church* (see chapter 1 of the Presbyterian Book of Order). Doing our part to fulfill the *Great Ends of the Church* may seem like too much to do, but this is because we forget all the help and renewal and (especially!) transformation available to us through God's Spirit.

If we are to be faithful as a church body in lifting-up the *Great Ends of the Church*, then we need to be engaged in more ardent prayer, and seek to be more faithful in our response to God's Calling in our lives. If we do this, I know that we'll find that our legacy as a church will be much more than we could ever have planned for, or dreamed of.

To God be the Glory!

Pastor Charles

## **On July 17, Marion Medical Mission Celebrates 25 years at the Christian Life Center in Herrin, Illinois**

**By Tom Logan**

Marion Medical Mission (MMM) celebrates 25 years of the impossible on July 17. This is a big deal. Many people don't know who we are and what has happened – even in Presbytery of Southeastern Illinois. I've been criticized for this (and rightly so) because it is important for the story to be told so that others know how God has worked through us doing the impossible.

The Presbytery of Southeastern Illinois has supported MMM year after year. It started in here in 1985. This Presbytery is a part of MMM. Understand what we've done together. Since 1990 we've built 10,921 wells providing an estimated 2,000,000 people with a sustainable source of safe drinking water. More safe drinking water in Africa than any other aid organization in the world. Safe drinking water is life not death for many in a place where over 80% of the children who die under the age of 5 die from water born or sanitation related diseases.

The celebration July 17 at the Christian Life Center in Herrin is for you – it is for us to celebrate what we have done together through the miracle of God's blessings. There will be several events starting at 4 PM, dinner at 5:30, ending with the program\worship starting at 6:30. Come to one – come to all – but come. Jocelyn and Leah Covey (with help of others) have put together an amazing assortment of African wood carvings and artifacts for the silent auction. Meet and talk with MMM volunteers from all over the country, as well as the 35 volunteers going to Africa this year. There will be video clips of past mission trips – some funny, some amazing.

Rev. Elisha Mwasakifwa will be here. He is the Coordinator of the Shallow Well Program in Tanzania.

Mr. Vyalema Khosa will also be here. He is the Coordinator of the Shallow Well Program in Northern Malawi. He is the best community organizer I've ever met. In 2000, Mr. Khosa and I were passengers in a pickup that crashed turning over on its side. Five people were injured, one killed. I was paralyzed from the waist down unable to get out. Mr. Khosa reached down from the driver's side pulling me out. He then stopped a passing vehicle and got the injured to the mission hospital in Ekwendeni. Extraordinary people; the best ever.

On July 17 the celebration-worship service starts at 6:30. Among other things, Mr. Khosa will speak, and Rev. Mwasakifwa will preach.

So come!! We call upon you again. We need your prayers and encouragement more than ever before because God has blessed us with more foolishness than ever before. Our 2010 goal is 2,500 wells that would provide 500,000 of the extreme poor (300,000 children) with safe drinking water before the rains come in November. And construction on the 1<sup>st</sup> well won't start until September.

Know the Shallow Well Program has brought us together despite our differences. We are the Beloved Community: the extreme poor, the not-so-poor, the wealthy, black people, white people, Africans, Americans, diverse cultures, political views and religions—all God's creation.

We need to share what God is doing. Together, through your prayers, donations and volunteer spirit – through this Presbytery – we have been to the mountain top and we've seen the Promised Land. Unchindami Kwa Chiuta—Glory to God.
